Volunteers - who's supposed to be doing what

Communication.

Handout to exhibitors.

If you need a photographer

Mail ahead to exhibitors - what they bring; what we supply.

Party on Friday - too big (∝ budget)

Coat check. Where to put stuff.

Managing # of assistants.

O/H Projectors/monitors didn't work at all.

- Supposed to carry Sense8 + Autodesk.

Bob Vaughan
Ken Jenkins. → Key helpers to Bob Bickford

Some equipmt that was supposed to show up did not.

MIKE NAIMARK

Good blend of companies & art. Most stuff fell somewhere in between. A big plus.

FLASH.

Food was gone. Give people caffeine + carbo.
No solid food. All snacky
Mom's refrigerator empty.
Special food for working crew. Stick to the ribs.
Remote feeds from stage would have been good – Wed start didn't allow time.
Some valet pkg for some people. Flying Dutchman – optional cost to attendees.
Limit # people doing exhibits staff – how many on floor at once.
Or badges that admit people to certain restaurants.
Ability to plug in to volunteering on the spot.

Walkie Talkies were great – useful + fun.
" " wud have been good for doc squad.
A video control booth? prep room? switch room.
A bank of telephones. $240/phone booth. PacBell.
>CN: Cost-prohibitive.
Have party during the show?
Dress rehearsal aspect of Fri night party didn't work.

Get badges act much more together.

Breakdown was chaotic for Doc Squad.

PA system in the maze.

Message board - nobody knew it was there.

Not prepared for # of people who wud be using
the event.

- more flyers, more info.

Not prepared for exhibitors 2B users of the event.

Organize lottery better.

The WELL worked.

Systems up too long.

24 hour - made it an event.

S.L.

- easier to get corp. sponsorship.
- build up a following of people who believe in us -
  our ability to do events.
- shud only undertake events w/ corporate sponsorship.
